CONTENT CATEGORIES...?

We're doing things a bit differently this year as a direct response to the feedback received from our **past** attendees.

Previously, the team at Velg Training created each NVC program with the intent of aligning topics into streams... however, we've come to realise that this can limit our scope.

Our ability to redefine our program, based on our delegates' insight, is something we take very seriously. Which is why **#2021NVC** will feature Content Categories: A selection of essential topics that you have identified! All sessions for **#2021NVC** will sit under at least one of the following Content Categories.

RTO ADMINISTRATION	For those who are responsible for compliance of administration processes in your RTO.
ASSESSMENT	Competency Based Assessment development, methods and evidence collection processes.
MANAGEMENT	Focused on Business acumen and exploring ideas and concepts that might inform future strategies.
COMPLIANCE	Dedicated to the regulatory environment we work in, drill into your ever present compliance requirements.
TRAINING & STUDENT ENGAGEMENT	Designed to inspire and guide our core training and engagement practices.
REGULATOR / GOVERNMENT	Hear directly from our Regulator and Government representatives about important VET updates.
DEEP DIVE	Skip the fundamentals and dive right into it! Dedicated to our experienced practitioners.
EXPLORATION	Explore ideas/concepts/case studies that might shape your ***Vision for the Future***!
VET IN SCHOOLS	Directly relate this learning to your experience working as a VET practitioner in a School setting.
