Are there any topics that you would like to see included in the NVC program next year?

- The structure of a good Quality Management System to enable demonstration of Continuous Improvement.
- How to use AI in VET
- Canva workshops/presentations
- Traineeships
- Environmental scans from the JSC's
- More hands-on application workshops, less lectures.
- I like the practical sessions where you can take ideas back to your RTO and implement.
- Some workshops on creating effective learning resources and the importance of proper design ,both in terms of visuals, but also recognised learning theory.
- key design principles.
- AI technology
- Industry currency of Trainers and assessors and importance of Trainers and Assessors Feedback on Assessments
- Preparing for ASQA Audit
- Student engagement techniques
- Industry Currency - initiatives for school
- Online assessment
- Leadership in the VET Sector
- Would be interested in discussions/seminars on use of AI outside of the classroom in perhaps a more administrative role for generational operational efficiency.
- It seems that a lot of people don't really understand packaging rules of qualifications,
- RTO's in High Schools
