#### Comments in response to the question: Any other feedback you would like to provide about this session?

- A fantastic presenter.
- Marc provided practical insights for trainers on facilitating group discussions, focusing on keeping them on track and productive. His 10 strategies were clear, actionable, and immensely beneficial.
- Engaging and informative. Side note - thank you for referencing a female psychologist too!
- Overwhelming. Constant high energy tone made it difficult to follow what was intended as a joke and what was a practical strategy. Rambled on with unrelated topics and tried to correlate to activities. Written activities really helped to follow along.
- Loved it! 55 minutes felt like 10 minutes! Marc is amazing!
- Great presentation, some things I will definitely use.
- Bit dated and unoriginal with the advice and techniques but great energy.
- Marc is engaging and provides practical tools for trainers. Loved it!
- Marc's session was magic! I really loved that we got a handout which we could follow along with, as it kept us engaged and helped us really remember what we were learning.
- Very engaging.
