Comments in response to the question: Any other feedback you would like to provide about this session?

- A bit too contextualised and narrowed to one industry. Description seemed a bit more open to application for other industries.
- Presenter was extremely knowledgeable and would love to have been able to understand her but she talked far too quickly and PowerPoint slides were too long to read.
- the session only covered vet in schools, not other types of third party. It would be great if expand to cover other scenarios. but overall, very informative session.
- Fab!
- Good session
