

2022 Qld Schools VET Conference

Elective session

Showcasing Innovation

With Rob Campbell & Alana Segnit @ 2:45pm on 5th August 2022

- 14:42:33 From Craig - Velg Training :
Welcome to the 4th and final elective session of the QLD Schools VET Conference.
- 14:49:31 From Craig - Velg Training :
Q. What are some of the best VET in Schools initiatives you've seen?
- 14:50:11 From Rebecca :
Cert II Automation trial through CQUni in Mackay (we are a school in the coal fields)
- 14:52:46 From Rebecca :
Cert III Education Support - partnership with a P&C run non-profit outside hours school care. Students are surplus to ratio during school terms, and included in ration during school holidays. Every educator has a student partner on their shifts. Paid shifts for the kids to easily get their 100 hours. As a non-profit the fees charged easily cover the adult staff wages and the student wages on top of that.
- 14:55:21 From Craig - Velg Training :
Hi everyone. Feel free to type your questions/comments in and we will come back to these later in the session.
- 15:00:53 From Alicia :
It's a fabulous facility!!!!
- 15:06:57 From Domini Roblin :
How very exciting. Great that you are reaching to the regional area.
- 15:07:59 From Alicia :
I've seen the VR tech used in teaching soldering too. Very cool.
- 15:08:30 From Craig - Velg Training :
Feel free to type your questions/comments in for our presenters to answer and discuss.
- 15:21:31 From Craig - Velg Training :
Hi everyone. At this point feel free to type your questions/comments in for our presenters to answer and discuss.
- 15:23:50 From SHEPD :
Thank you for sharing what is happening in your schools
- 15:27:06 From SHEPD :
Very Grateful VELG training for putting this together 🙏

15:25:43 From Kirsty Trezise :
